

IACS Membership and Mailing List Registration Form

Available online at:

www.cryosphericciences.org/iacsMembership.html

Join now - IACS offers FREE individual membership to anybody interested and engaging in cryospheric sciences!

As a member:

- ❖ you will receive information about IACS activities and opportunities (IACS News, 3-4 times a year)
- ❖ you are eligible to engage in IACS activities and bodies, even if your country is not an adhering body to IACS, i.e. member of the International Union of Geodesy and Geophysics (IUGG)
- ❖ you are eligible for IACS sponsorship and financial support for workshops, summer schools, and other IACS-sponsored activities
- ❖ you are eligible for the IACS early-career scientist prize if you qualify as ECS (see www.cryosphericciences.org/iacsEcsp.html)

Your membership will also help to provide travel grants for early-career scientists and scientists from developing countries to attend IACS/IUGG symposia, since IACS receives a head tax (~ EUR 30/person) for every IACS Assembly registrant who identifies with IACS as primary affiliation.

Please send the completed application by email to webmaster@cryosphericciences.org
Red outlines mark required fields!

You can cancel your membership or make changes to your profile at any time by sending an email to webmaster.at.cryosphericciences.org with either 'Cancel IACS membership' or 'Update IACS member profile' as subject.
